Implementation of e-governance in areas of operation:-

- 1.Administration
- 2. Finance and Accounts
- 3. Student Admission and Support
- 4. Examination Response

The e-Governance in administration started in the year 2014 through HKCL Communications Pvt Ltd. It is being strengthened ever since then through implementation of Student Life Cycle Management System, Finance and Human Capital Management System modules and other systems. The e-Governance system is being effectively used in administration of finance, employees (recruitment to retirement and beyond) and students (more than three hundred thousands). Some screenshots of some of the processes are placed below.
