

Dr. Reena Rani, Associate Professor in the Department of Education at B.P.S. Mahila Vishwavidyalaya, blends 17+ years of teaching and research with cutting-edge pedagogy. A prolific scholar, she's authored 4 books and 30 research papers, mentored PhD scholars, and secured projects like her ICSSR-backed study on the flipped classroom approach. Her dynamic leadership shone during the pandemic: as convener, she revolutionized online internships, admissions, and exams while pioneering flipped classrooms via Canvas LMS. With 42+ national/international seminar participations and roles in academic councils, she drives curriculum innovation and research excellence. Future-focused, she aims to weave experiential learning and tech-driven pedagogy into education, empowering students for a transformative future.
