Subject: Strict Directions on Vehicle Operation and Campus Safety

Sir/Madam,

It has come to the notice of the Chief Security Officer that motor vehicles are being operated within the University campus by individuals without valid driving licences. Instances of unsafe driving, non-use of helmets, and excessive speeding have also been observed. These actions constitute serious violations of the *Motor Vehicles Act, 1988* as well as the University's *Campus Safety Regulations*.

Accordingly, with the approval of the competent authorities, all HoDs/Chairpersons/Principals/Branch Officers/Chief Wardens are hereby **requested to ensure that all staff, students, and visitors under their jurisdiction strictly adhere to the traffic rules and safety norms within the campus**. They must be advised to:

- Operate vehicles only with a valid driving licence.
- Wear helmets and follow all safety measures while driving two-wheelers.
- Maintain safe driving speed within the campus.
 - **Two-wheelers:** Maximum 20 km/h
 - **Four-wheelers:** Maximum 30 km/h
 - **High-security/residential zones** (VC Residence, Registrar Residence, Faculty Housing, and Administrative Blocks): **Maximum 10 km/h**
- Follow designated parking and movement routes.
- Cooperate with the Security Branch during vehicle checks and safety inspections.
- Entry of black film vehicle is completely prohibited.
- Drunk and drive is prohibited in the campus.

Strict compliance with the above directions is essential to ensure the safety and security of all individuals within the University premises.

This issues with the approval of the competent authority.
